

Installation Manual

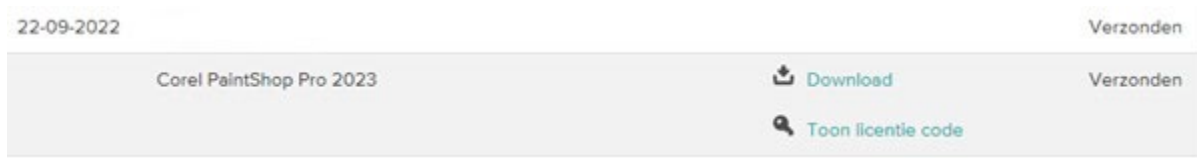

Corel Paintshop

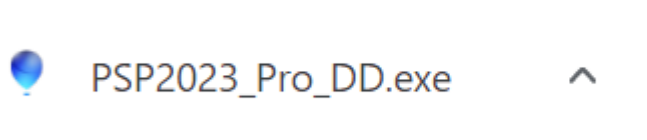

Pro 2023

For Windows

Step 1: Download your order. You can find your order by going to your account and click “Orders”. This is also where you can find your license code.

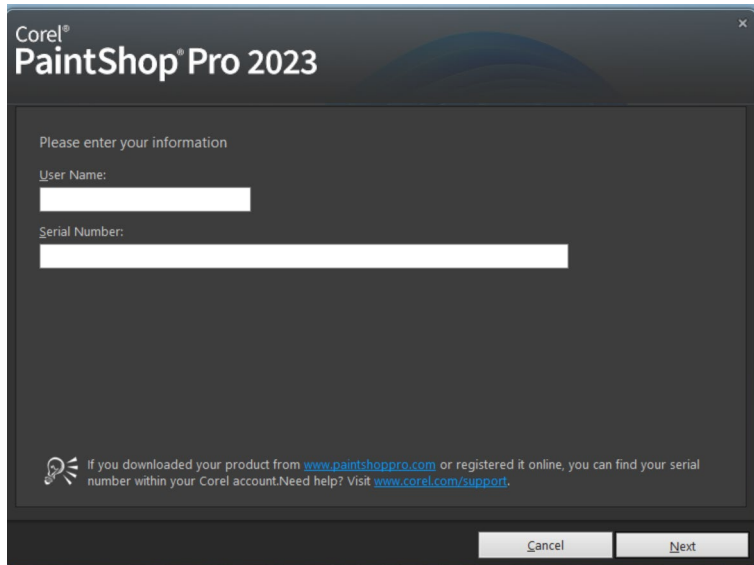

Step 2: Double click on the installation file. The installation will now start.

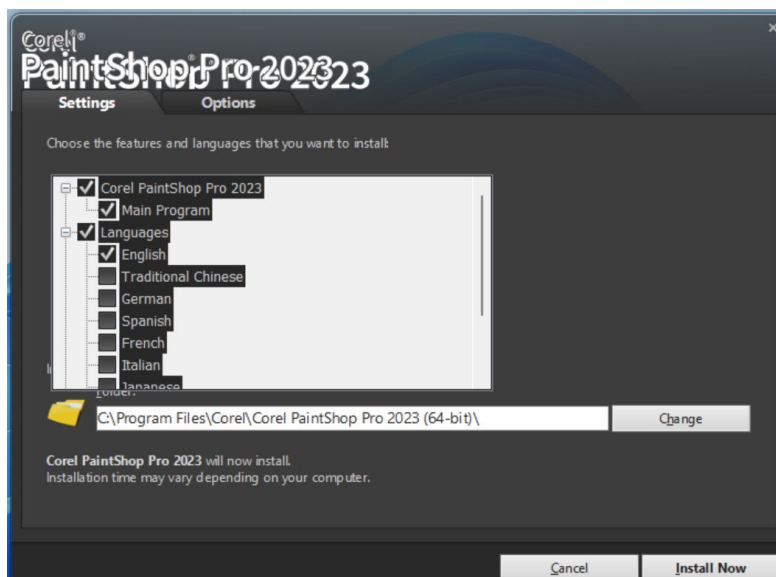

Step 3: The installation wizard will now open.

Step 4: Fill in a user name and the license code that came with your order. You can find this in your account at Orders > Show serial code.

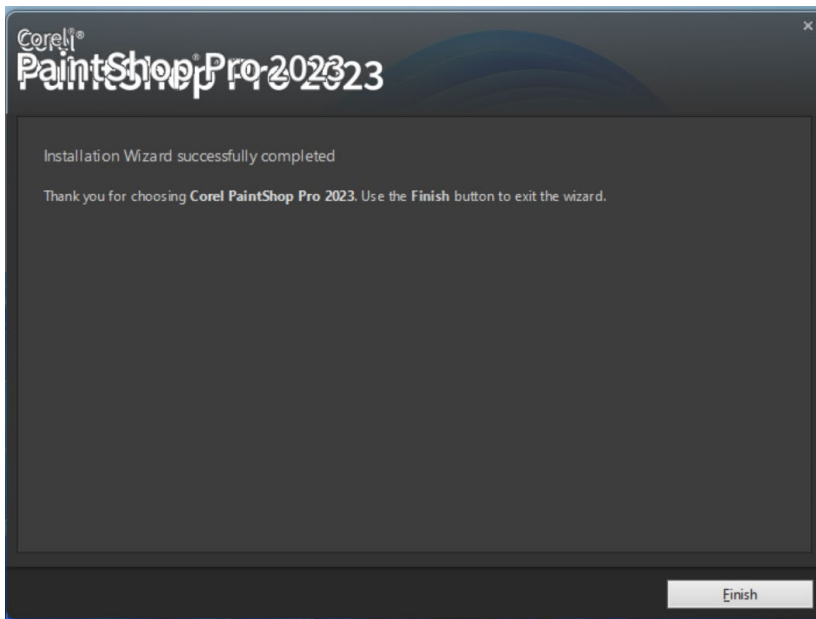

Step 5: In the next screen you will be able to choose which features you want to install and in which folder you would like to install Paintshop Pro 2023. You could uncheck the boxes of the languages you do not wish to install. You can change the installation folder by clicking on "Change". Once you have selected your desired features and installation folder, click "Install Now".

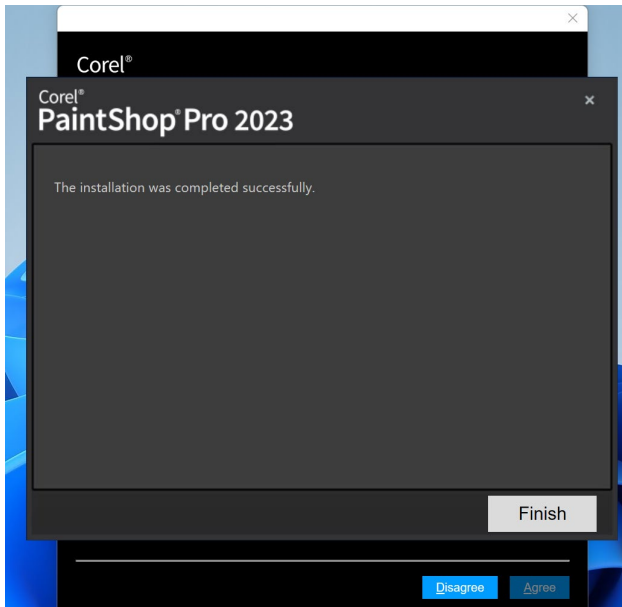

Step 6: Corel PaintShop Pro 2023 will now start the installation. This could take a while.

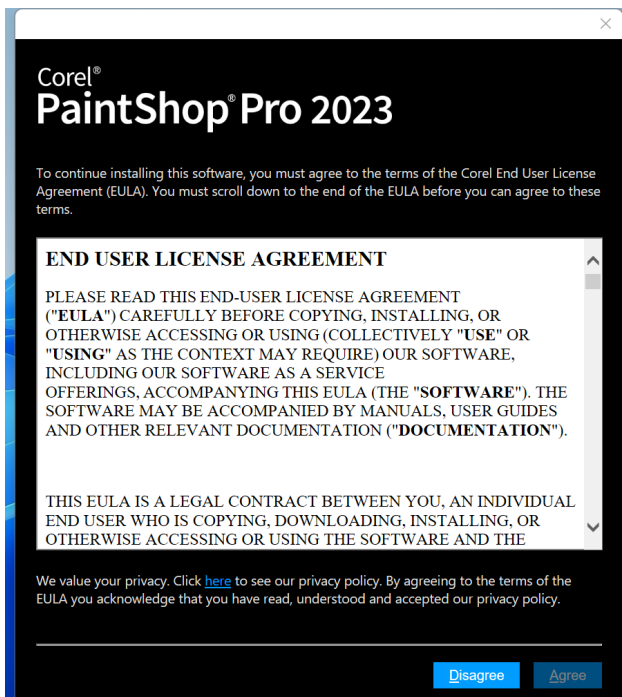

Step 7: You will get a notification saying the installation wizard was successfully completed. Click "Finish".

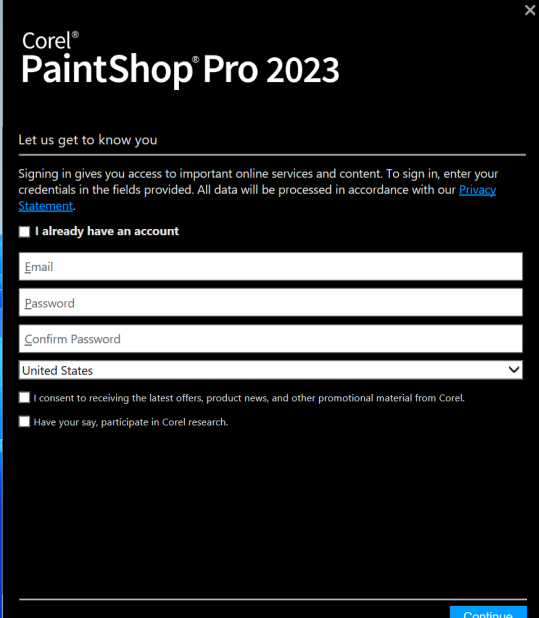

Step 8: You will now get a second notification saying the installation has been successfully completed. Click “Finish”.

Step 9: Read the terms and conditions and click “Agree”.

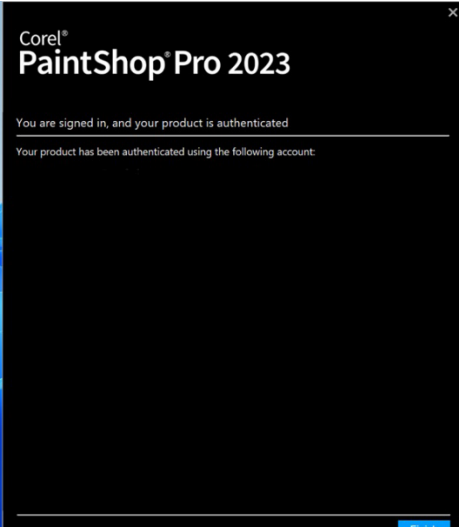

Step 10: You will now be asked to create an account. Fill in the required fields or log in with an existing Corel account. Below the required fields you will find two boxes you can either check or leave empty. If you check the first box, Corel will send you updates and offers to the e-mail address you provided. If you check the second box, you agree to send Corel (anonymous) updates about your product usage. Checking the two boxes is not required. Click “Continue”.

The screenshot shows the 'Corel® PaintShop® Pro 2023' account creation window. It features a dark background with white text. The title 'Corel® PaintShop® Pro 2023' is at the top left. Below it, the text 'Let us get to know you' is followed by a horizontal line. A paragraph explains that signing in provides access to online services and content, and that data will be processed according to the Privacy Statement. There are two radio button options: 'I already have an account' (selected) and 'I don't have an account'. Below these are input fields for 'Email', 'Password', and 'Confirm Password', followed by a dropdown menu for 'United States'. At the bottom, there are two checkboxes: 'I consent to receiving the latest offers, product news, and other promotional material from Corel.' and 'Have your say, participate in Corel research.' A blue 'Continue' button is located at the bottom right.

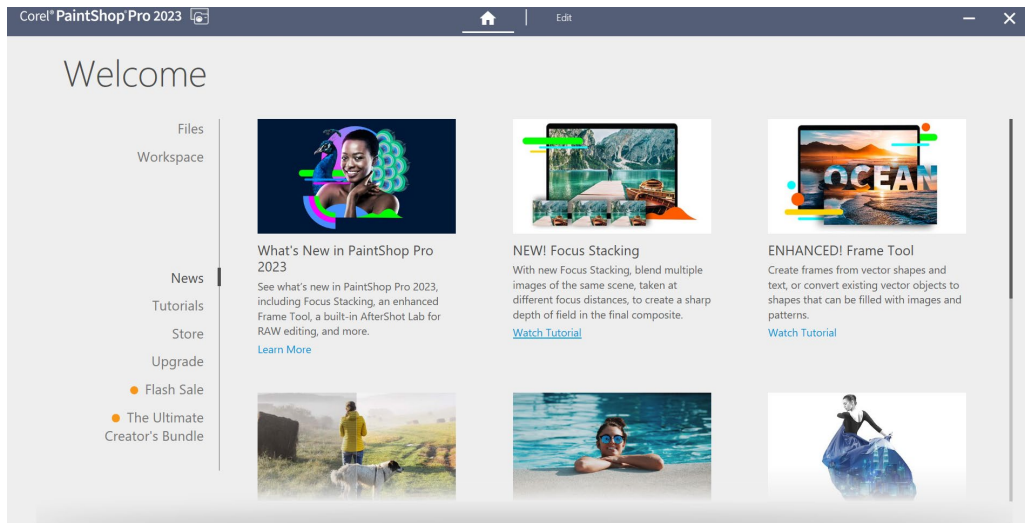

Step 11: Your license has now been activated and Corel PaintShop Pro 2023 has now been installed. Click “Finish”.

The screenshot shows the 'Corel® PaintShop® Pro 2023' authentication confirmation window. It features a dark background with white text. The title 'Corel® PaintShop® Pro 2023' is at the top left. Below it, the text 'You are signed in, and your product is authenticated' is followed by a horizontal line. A second line of text states 'Your product has been authenticated using the following account:'. A blue 'Finish' button is located at the bottom right.

Step 12: Corel PaintShop Pro 2023 will now open. You can now start using the software!

Please pay attention: If you want to reinstall the software at a later time, you can follow the same steps. You can also find your license code in your Corel account. If you experience any problems with your download link or license code, you can contact Corel at <https://www.paintshoppro.com/nl/support/>.
